2024 Idaho Bear Hunts

Seasons, Dates, and Prices

Spring Black Bear Hunts - Any Weapon Season

- ◇ Our Black Bear Hunts are over active baits. Baits will be run well before your arrival and each morning of your hunt for the highest chances of success. Multiple color phased bear opportunities.
- ◇ We intentionally keep our camps small for maximum opportunity over multiple baits. 6 hunters per camp max. Groups of 7 or more may only be considered if they are from the same hunting party.
- ◇ Our area is a 2-Bear area. After a successful first harvest, Hunters can purchase a second tag during the hunt (or before) and continue hunting for \$700. Covers the cost to keep additional baits active.
- ◇ Hunts are conducted each afternoon/evening over baits (Tree Stand or Ground Blind) until dark.
- ◇ 10% discount for returning bear hunting customers
